## *Rwanda Outreach Camp - Styles' Testimony*

Styles grew up in a home of conflict and tension. His father, a Muslim, has three wives, including Styles' mom. Because of challenges at home, Styles would hang out in the streets of his neighborhood. He ran into a friend who invited him to Young Life and since he didn't have anywhere else to go, he accepted. "Since then I started regularly attending Young Life and have been getting to know Christ," Styles shared. "He gives us peace which surpasses our understanding. I have accepted Christ as my Savior." Styles is now boldly preaching the gospel to his family!

## Rwanda Outreach Camp - Alice's Testimony

Alice grew up feeling ignored and unloveable due to her disability. People would laugh at her, seeing only the things she struggled to do, rather than her gifts. Alice joined Young Life, and for the first time experienced a different life. "They welcomed me and started to teach me things. They showed me the unconditional love of Christ," Alice shared. "The bitterness I had started to go away, and I am so happy that I said 'yes' to Christ at this camp. He is my Savior who loves me unconditionally." Alice is transformed and living her life for Christ.
