The Impact

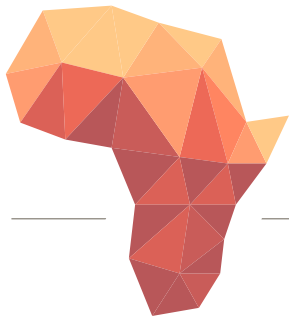

ZIMBABWE

I am willing to hold my ground and lead the way to the right path through humility. I am a mirror, ready to give the right reflection of love and righteousness as I put everything in God's hands.

YoungLives Zimbabwe

We are so grateful for the powerful group of women who serve teen moms in Zimbabwe. Community members donated food, giving us the opportunity to share food with teen moms. Covid had left so many moms without the ability to feed their families. The Lord answered our prayers and we thank the many hands that contributed. Due to the outpouring of generosity, we managed to serve 120 teen moms and other mentors. God is faithful, He watches over us day and night.

Leader Training Camp

To love God with all our heart, soul, mind and strength is the highest priority of a leader. Dumolwenkosi, a volunteer leader in Harare, shared about his experience at this camp. "I learned that to be a leader for Young Life is to be grounded in Christ, loving the Lord and growing in his word," Dumolwenkosi said. "I learned that the mission of Young Life is founded on the mission Jesus gave us, and we should therefore make sure we follow Christ in everything we do."
