Finding My Best Friend

"I have always made bad choices when choosing friends and it has caused problems at home. But one day I met a friend who said he is involved with Young Life. He would call, visit me at home and my parents for the first time were okay with him. While I was getting used to having this older, more strict friend, he then introduced me to another friend, named Jesus. I realized from that day forward, that Jesus is my very best friend." -Zach

Peace in Uncertainty

"I came to the Young Life weekly prayers at the office because my sister was involved. Our family was facing a lot of uncertainty after our dad left us. At the prayer meeting, I had the opportunity to receive Christ and was among those that were saved that day. I thank God because from that day onward, I have had a peace within me even though I know that our situation at home is not over. I am grateful for my Young Life leader who has always been here for me." - Nelly
